

WOLFF LPG GENERATOR

Our LPG (Liquid Petroleum Gas) generator, provides a practical and sustainable power source for your construction projects, allowing you to meet your immediate power needs while also contributing to a greener future.

Offering a wide range of benefits that make them a superior power source. With 90% less emissions compared to diesel engines, our LPG generators are environmentally friendly and sustainable, helping to reduce all the harmful pollutants from that of diesel equivalent.

Cost-effective, helping you cut operational costs

Significantly reduces emissions, contributing to a greener future

30% quieter than a diesel generator

99% reduction in hydrocarbons, nitrogen oxide & particle matter

LPG can power tower cranes, accommodation & other site equipment

Specification:

| Specification: | | | | | | |
|--------------------------|-----------------------------------|---------|---------------------|---------|-----------------------|---------|
| Model | LPG 40kVA Generator | | LPG 80kVA Generator | | LPG 110 kVA Generator | |
| Product Specification | Prime | Standby | Prime | Standby | Prime | Standby |
| Power kWA | 35 | 40 | 80 | 89 | 109 | 121 |
| Ouput Power Peak (5S) kW | 28 | 32 | 64 | 71 | 87 | 97 |
| Rated Speed | 1500 | | | | | |
| Standard Voltage | 400/230 r.p.m | | | | | |
| Engine specification | 1500 r.p.m | | | | | |
| Dimensions | 2810 (L) x 2358 (H) x 1150 (W) mm | | | | | |
| Weight | 2608 kg | | | | | |
| Fuel Consumption PRP | | | | | | |
| 100 PRP | 10.61 km/h | | 18 km/h | | 21.8 km/h | |
| Fuel Oil Specification | LPG-Vapour | | | | | |
| Fuel Oil Pressure | 70-300 | | 30-300 | | 30.300 | |

For even greater savings, we recommend using the generator with a WOLFF Punch, also available through WOLFF Onsite
