

# BODY CAMERA

The Hytera SC580 is a compact, easy-to-use body camera that captures clear HD video, audio, and photos, storing them securely. It features 4G connectivity for real-time video streaming and can double as a PoC radio for improved communication. Lightweight yet durable, it's designed for comfort during long shifts, powered by a strong 3,200mAh battery. Users can make video calls while recording, thanks to its dual-stream technology, making it an ideal tool for demanding environments.

Ideal for a range of uses, including security, construction and health and safety monitoring.

Footage stored securely

Compact design for comfortability

Capture 1080p video footage

Powerful 3,200 mAh battery

## Industry Applications

Body cameras have become increasingly valuable across various industries by enhancing safety, accountability, and transparency. Body cameras help protect both workers and organisations, ultimately contributing to safer and more transparent work environments.

### Security:

- Serve as the first line of defence on construction sites
- Essential for resolving disputes and deterring aggressive behaviour
- Document security breaches and incidents

### Construction Industry:

- Ensures strict adherence to health and safety procedures
- Provides clear records for reviewing operations
- Prevents and resolves disputes with impartial footage

### Logistics and Delivery:

- Enhances operations with real-time documentation of tasks
- Reduces risk of errors, theft, and damage to goods
- Crucial for resolving disputes and addressing complaints

## Job Role Applications

- |                  |                     |                       |                   |
|------------------|---------------------|-----------------------|-------------------|
| • Security Guard | • Slinger/Signaller | • Warehouse Operative | • Site Supervisor |
| • Gate Marshal   | • Hoist Operator    | • Delivery Driver     | • H&S Inspector   |

# BODY CAMERA

## Key Features:

- Record stable video:** Featuring 6-axis image stabilisation technology you can capture stable and clear videos whilst on the move.
- Long battery life:** With the 3,200mAh battery and power consumption optimisation, the body camera can record videos for up to 10 hours.
- Push-to-talk:** An optional Push-to-Talk functions allows the body camera to function as a PoC radio so users can deliver instant communication.
- Capture the complete event:** Pre-event recording allows the body camera to automatically capture video and audio up to 120 seconds before manual activation.
- Secure the footage:** The AES-256 encryption algorithm ensures the security and integrity of all videos, audio, and photos stored in the body camera.

Specification:	SC580	SC580 (Starlight Night Vision)
Dimensions (H x W x D)	90mm x 55mm x 26.3mm	
Weight	158g / 177g (with belt clip)	
Screen	2.0 inch	
Storage capacity	16GB/32GB/64GB/128GB	
Battery capacity	3,200mAh	
Camera	Front camera x 1, rear camera x 1	
Night vision	Infrared night vision	Starlight night vision
Field of view	121 °	150 °
Focus range	0.5m to infinity	
Video resolution	1080p@30fps, 720p@30fps ,480p@30fps	
Video file format	MP4	
Photo resolution	16MP	
Photo file format	JPG	
Audio file format	AAC	
File encryption	AES-256bit	
WLAN	802.11 a/b/g/n/ac	
BT	BT 5.1. Supporting BLE.	
Positioning	GPS/BDS/GLONASS/A-GPS	
Interface	Type-C. Supporting OTG output.	
IP rating	IP68	
Drop test	2 meters	
Operating temperature	-20°C to +60°C	
Cellular networks	<b>Asian, European, African Edition:</b> GSM: 850/900/1800/1900 TD-SCDMA: B34/B39 CDMA: BC0 WCDMA: B1/B3/B5/B8 TDD-LTE: B34/B38/B39/B40/B41 FDD-LTE: B1/B3/B5/B7/B8/B20/B26/B28	<b>American Edition:</b> GSM: 850/900/1800/1900W CDMA: B2/B4/B5 TDD-LTE: B38/B40/B41 FDD-LTE: B2/B3/B4/B5/B7/B12/B13/B17/ B26/B28
