

GOODS CARRYING CAGE

A safe and convenient method for transporting materials to and from high or low levels. The sturdy construction features a front gate or ramp for easy loading, plus 1m high mesh panels for added security. Equipped with four fully tested lifting points and standard fork pockets, this cage ensures secure and efficient handling.

Key Benefits:

- Goods cages come with a standard access gate or ramp entrance to allow for easy loading
- A wide range of sizes and options are available for different requirements
- Suitable for crane lifting and forklifting

Specification:

SWL (kg)	Height (mm)	Width (mm)	Length (mm)	Weight (kg)
1500	1000	1250	1250	160
2500	1300	1400	1500	380
3000	1000	2500	1250	380

Safety tip: It is essential the Goods Cage is only lifted via the designated four lifting points or the fork pockets.
