CX Hinged vertical plate clamps

Heavy duty - side loading

Working load limit (WLL) 150 - 10000 kg

The CX plate clamps share all the benefits of the CY clamps but are specifically designed for more heavy duty applications.

The other benefit that the CX clamp offers over the CY is that vertically racked plates can be turned through 90°.

Workmanship and parts

These plate clamps are service-friendly, making it easy to exchange parts, which are readily available. Clamp repairs must be done by a trained person.

Product group: I2

INFO

The plate surface of the material being clamped must have a hardness level below HRC 30/Brinell 300.
