3 Point Adjustable Drum Lifter (Steel & Plastic).

- **Model: DL360SP**

Features:

• Open head drum lifter features 3-point contact lifting arms with limited rotation to minimise drum chime deflection when a loaded frum is lifted without a lid.
• Prevents or minimises deformation of the open head drum.
• Adjustable lifting arms to work with both 35 and 55 gallon drums.
• Accepts both open head and closed head drums up to 350kg.
• Simply raise lifter to engage arms automatically on drum rum to raise drum, lower to floor and unfasten arms for removal.

		DL360SP
