Our 900kg Capacity Ov

Libro 900B [900kg]

The Libro 900B is a compact overhang beam, which is able to lift loads up to 900kg. This counterweight balancer is capable of installing glass, curtain walling and cladding below overhangs of up to 2000mm and can lift loads at full capacity at each working length.

The Libro 900B overhang beam features an integrated hook and can be used with a below-the-hook vacuum lifter, which are also offered for hire or sale from WOLFF Onsite. This compact overhang beam can be attached to both mobile or tower crane and is suitable for installation projects at height.

The Libro 900B features an anti-tilt switch, which stops the counterweight balancer tilting past ±10° for safety.

Key Features

- **900kg capacity**
- **Hook attachment**
- **Suitable for overhangs up to 2m deep**
- **950kg weight with counterweights**
- **Cable remote control for counterweight saddle**
- **24V DC battery with separate 110/240V charger**
- **±10° Anti-Tilt Switch**

Reference Code

VOB900B
