FORKLIFT ATTACHMENTS

Adjustable Four Fork Attachment

The adjustable four fork forklift attachment has outer forks that slide sideways along the cross beam, so you can set them to suit different pallet widths and bearer positions. The truck's own forks sit in the inner sleeves for balanced support.

- ✓ Laterally adjustable outer forks
- ✓ Four support points
- ✓ Widths up to 5,000 mm

PART NO. WOS-FA-1137

KEY FEATURES

- Three capacity classes
- Heel pin retention
- Built to order
