FORK MOUNTED SKIPS

Base Emptying Stillage - Semi Automatic

The semi automatic base emptying stillage is a drop-bottom alternative to a forklift skip. Lift it over a skip, bin or hopper, pull the cord and the hinged base opens to drop the load straight down. Set it back on the ground and the base re-locks itself.

- ✓ Bottom-opening hinged base
- ✓ Pull cord release
- ✓ Re-locks automatically when lowered

PART NO. WOS-FA-1016

KEY FEATURES

- 0.5 to 1.5 m³, 1,000 to 1,500 kg
- 2 mm steel sides and 3 mm base
- Stackable on pallet feet
- Safety securing chain
- Choice of colours for waste segregation
