SPREADER BEAMS

Forklift Battery Changing Beam - Insulated

The insulated battery changing beam has four non-conductive slings, which reduce the risk of shorting across the battery terminals while it is lifted. It slides onto the forks and clamps with T-screws; fork and crane versions are available. Part of our spreader beams range.

- ✓ Four non-conductive slings
- ✓ 1,000 or 2,000 kg capacity
- ✓ Fork or fork and crane versions

PART NO. WOS-FA-1122

KEY FEATURES

- T-screw clamps
- Made to suit your battery
