FORK MOUNTED SKIPS

Tipping Skip Options & Retrofit Kits

These options upgrade our roll-forward forklift tipping skips, new or already in service. Choose castor sets so the skip can be pushed around by hand, lifting lugs for crane handling, fork clamps, a drain tap and filter for wet waste, auto retention, or an auto release kit for tipping at height without leaving the cab.

- ✓ Nylon or cast iron castor sets, 100 mm diameter
- ✓ 2 fixed and 2 swivel castors per set
- ✓ Braked or unbraked swivel castors

PART NO. WOS-FA-1005

KEY FEATURES

- Bolt on to the pre-drilled castor plates
- Lifting lugs for crane handling
- Drain tap and filter for wet waste
- Auto release kit for tipping at height
