HW-CS
Stainless steel spur gear drive manual wire rope winch

Capacity 300 - 800 daN

As per the HW-C but with even more protection against the elements faced when used outdoors.

Features

- As per the HW-C, except that the winch housing and rope drum are made from stainless steel. The plain drum bearings are made from bronze for additional corrosion resistance.

INFO

Pfaff winches are not designed for passenger elevation applications and must not be used for this purpose.
