CX010 | 1000 KG
MANUAL CHAIN HOIST

RED ROOSTER LIFTING

RAISING EXPECTATIONS

The CX010 is a 1000 kg compact and lightweight manual chain hoist from KITO.

With a weight of 7.3 kg, a minimum height of 360 mm and a load capacity of 1000 kg, the KITO CX010 manual chain hoist is one of the smallest and lightest manual chain hoists available after the CX003 250 kg and CX005 500 kg models.

The aluminium casing is finely worked and fitted with countersunk bolts. The manual chain hoist is fitted with overload protection as standard equipment. The mechanical braking system, the load chain guide and the nickel-plated load chain for longer service life are other special features. Further advantages are easy handling, durability and reliability.

STANDARD FEATURES

- Lifting capacity: 1000 kg
- Small pocket-sized format
- Twist checker
- Well-finished aluminium body fitted with countersunk bolts
- Only 7.3 kg net weight
- Compact construction: a minimal height of 360 mm
- Low hand-pull force for easy operation
- Overload limiter
- Wide hook opening
- Hook latch with safety tip
- Small chain pitch for precise lifting movements
- Abrasion-resistant nickel-plated load chain for high and uniform strength (1000 N/mm2), in accordance with standard DIN EN 818-7
