SHB100 | 10 TONNE
ULTRA LOW HEADROOM MANUAL CHAIN HOIST

RED ROOSTER LIFTING

RAISING EXPECTATIONS

The SHB100 is a 10 tonne ultra low headroom manual chain hoist for use in tight spaces.

The SHB ultra low headroom series of manual chain hoists are one of the lowest headroom manual chain blocks on the market. It's extremely low-profile body makes it ideal for demanding industrial lifting applications where space is limited.

The unit has an impact-resistant gear housing, double ratchet springs, a precision gearbox and double casing for protection against dust and water. With premium-grade components for long life in the tightest industrial and contracting applications. The capacities range from 1 tonne to 10 tonne dependant on your lifting needs.

STANDARD FEATURES

- Short headroom with integrated hook
- Shock resistant double gear casing
- Precision gearing
- Efficient drive train
- High performance mechanical brake
- Sealed maintenance free bearings
- Fall protection device and rubber bumpers
- Nickel-plated load chain grade T series V (G100)
- Made in Japan

AVAILABLE OPTIONS

- 2 different flange ranges available
- Overload protection device
- ATEX
